

Abd Allah Gomaa Mohamed

Irrigation engineer

Profile

I have already trained in many companies and through this experience I was able to acquire new skills which enable me to work on challenging heavy projects. I am eager to learn. I enjoy overcoming challenges and I have a genuine interest in making organizations successful.

Education

Bachelor's degree in Agricultural Engineering. (2019)

Graduation grade : Good

Mansoura university- Egypt

Professional Experience

10/2021 - 12/ 2021 **Training** *New Mansoura, Dakahlia, Egypt*

Company: Alex for Constructions, (Talaat Moustafa Group)

Project: New Mansoura

Project Description: Design and implementation of sprinkler and drip irrigation networks for different areas of the landscaping.

9/2018 - 5/ 2019 **Graduation project,** *Mansoura university- Egypt*

“ Design and exploitation of new and renewable energy ”

- A 60 KW solar energy plant of the off-grid type designed.
- A 120 KW solar pump designed.
- Two wind turbines are designed.
- The floppy sprinkler irrigation system is designed.
- A multi-gable-even- span type greenhouse is Designed.
- A multi-span modified quonset type greenhouse is Designed.
- Sprinkler and drip irrigation systems are designed.
- Renewable energy was used to heat the facilities and supply them with electricity.

Courses

11/2021 – 12/2021 Online Design Courses: **“ Realtime_Landscape ”**
Y ou Tube, Egypt

10/2021 – 10/2021 Online Design Courses: **“ SketchUp ”**
Y ou Tube, Egypt

09/2021 – 09/2021 Renewable Energy courses: **“ Solar Systems Design ”**
Mansoura university- Egypt

09/2021 – 09/2021 Design courses: **“ Adobe Photoshop ”**
Mansoura university- Egypt

08/2021 – 09/2021 Engineering Design courses: **“ 3D Max ”**
Mansoura university- Egypt

07/2021 – 08/2021 Engineering Design courses: **“ AutoCad ”**
Mansoura university- Egypt

07/2021 – 08/2021 Computer courses: **“ Word - Excel - PowerPoint ”**
Mansoura university- Egypt

Certificate of Participation

In the
Training Program

“Solar Systems Design”

Organized By

Training Unit - Faculty of Agriculture- Mansoura University
Starting from September 1, 2021 to until September 20, 2021
(20 Hours)

This is Certify that:

AbdAllah Gomaa Mohamed Sleem

Successfully contributed to, and completed the training program covering the following areas of skills development through a combination of individual learning and group participation;

- * Off-grid systems designing.
- * On-grid systems designing.
- * Net metering with on-grid systems.
- * Irrigation with solar water pumping systems.
- * Using of global solar atlas.
- * PVSyst software.

This certificate has been given to him to be presented
