PROFILE

A third-year Management Information Systems student with hands-on experience in web design, specializing in HTML and CSS. Proficient in the fundamentals of website development and equipped with solid knowledge of the ICDL, ensuring competence in various essential computer applications.

Motivated to apply my technical skills and growing expertise in the field of information systems, with the aim of contributing to innovative projects and gaining further practical experience. Looking forward to leveraging my web design skills and IT knowledge within a dynamic team environment.
